FIELD & BRUSH MOWERS

Durable Equipment for Rugged Jobs

FB13250BS

The new Snapper field and brush mower makes clearing paths through unwanted brush, weeds, and grass quicker and easier than ever before. The only field and brush mower available featuring variable speed hydraulic drive, Snapper 13-hp model allows the operator to change direction effortlessly without clutching. This benefit means peak performance is maintained no matter how thick the vegetation gets.

Clears a Wide 25" Path and cuts through weeds and brush up to two inches thick.

Additional Features

- 13-hp Briggs & Stratton
- Variable speed, hydrostatic drive for easy operation
- Electric start with recoil
- Wide stance, sealant-filled tires resist leaking from punctures and provide stable operation on rough terrain
- Rugged ¼" steel skid shoes adjust up and down (3 positions)
- Heavy-duty brush bar and blade combination plows and cuts through up to 2" diameter heavy growth
- Heavy-duty construction features 10-gauge steel frame and mower/mulching deck

Snapper 4-oil. Double your engine warranty with Snapper 4-oil.
